

# Our Feedback

## 99% of learners and employers would recommend ATL to others

This has been a great platform to get into the industry I want whilst gaining a qualification

ATL learners recognise how our training develops employability skills. 98% feel their job skills have been improved and employers agree that the training provided prepares learners well for their job roles.

Thank you, the course really helped me. I have improved a lot at work.

## 99% of learners praise the support they receive from ATL staff

Staff are really supportive, lovely people and genuinely make the atmosphere more welcoming.

Learners enjoy training here, appreciating the way targets for progress and achievement are set and the support they receive throughout their training. They feel that tutors respond to each of them as individuals and care about their progress.

My Tutor is amazing, really supportive and an inspiration.

## 98% develop self-confidence and praise ATL's advice and guidance

Excellent tutor, encouraging, made a difference to how I felt about starting this course, and found myself enjoying it immensely.

Our learners give high praise to ATL's advice and guidance services, recognising a growth in their self-confidence and understanding of their rights and responsibilities.

This course has enabled me to further my career.

ATL have held full accreditation in the MATRIX standard since 2013, recognising that our pastoral care and careers guidance have a positive impact on learners' ambitions, achievement and progression. We also work closely with JobCentre Plus and hold the 'Disability Confident' standard.
